

Administration Changes

Total Health is dependent on the work of so many people. Any time we lose one of those who have helped us along the way it is a difficult change. We would all like to thank Thom for his help the last couple years.

Dear Total Health Supporters:

It is with regret we are announcing that our US Administrator, Thom Moore, will be leaving Total Health as of July 1, 2010. Please pray for Thom and his family as he continues to experience fairly serious health issues.

We would like to thank Thom for the past couple of years of service that he has provided to Total Health and Total Home. We will miss him as we begin to work on new

means of providing the administrative services for the missions.

For those of you who have provided contributions to Total Health designated for Thom's support over the past years, we would be pleased to have you continue supporting the mission with your contributions. After July 1, any contributions made for Thom will be accounted to our General Fund and will be used as needed in the ministry.

If you would like to drop Thom a note personally

thanking him for his service, we are sure he would appreciate hearing from you. We will ensure that Thom receives them if you send them to:

Dago Irias Update

For those of you who have not been to La Ceiba yet, Dago is the pastor of the church in La Ceiba that partners with Total Health to run the clinic there. It is this church (Iglesia Gran Comision La Ceiba) that founded the clinic and none of what we do could be done without them. In November 2009 Dago fell and literally crushed his right elbow. By January, after a failed surgery in Honduras, it was clear his injury

could not be managed there. His arm had become swollen, discolored, and he had virtually no movement in the shoulder, elbow, or hand. Thanks to Dr. Joe Mileti, Dr. Jim Latshaw, and Dr. Dave Robie at the Ohio Orthopedic Center of Excellence and the generosity of Riverside Methodist Hospital in Columbus, OH, Dago had a successful surgery to rebuild his right elbow on February 2, 2010. He returned to

Honduras April 21. His arm is dramatically better and he is using it every day. He will continue his physical therapy at home. Special thanks to Erica Ream for providing his physical therapy in Columbus and his therapy regimen for home. Thanks to everyone for all of the prayers and support as Dago recovers from this injury.
